

## Josab signs distribution agreement with French company for 11 African countries

**Josab Water Solutions AB (publ) has signed an exclusive distribution agreement with French YQUOS SAS covering 11 French-speaking countries in Africa.**

The French company has been formed specifically for this project and will not market or sell other competing products in the markets covered. The agreement contains sales targets to maintain exclusivity between the parties. Josab also has an option to acquire 20% of the distribution company if one sees the need to strengthen the collaboration.

All of Josab's current and future water treatment products are covered by the agreement. As part of the negotiation and the final agreement, Josab has already sent a water kiosk, specially made for technology verification in the Ivory Coast, which is expected to be in place during the second half of March, and the next purification unit will be sent to Cameroon, which is expected before summer.
